Inter-mountain Relocation Council (IRC)

The Intermountain Relocation Council (IRC) is a regional, not-for-profit organization recognized by the Employee Relocation Council (ERC), a non-profit national organization. Our purpose is to provide a local resource for relocation professionals and those they relocate into this region. It is also a forum for discussion, career opportunities, problem solving, information exchange, and education regarding the relocation industry. The annual membership fee is \$75.00 per year.

Membership Benefits Include:

- Reduced pricing for events and workshops
- Valuable networking opportunities with industry contacts
- Access to relocation forums (Linked-In, Facebook, Twitter) updates, industry career postings, and local and national member survey data
- On-line help via our website at www.ircouncil.net and ircouncil@rocketmail.com

Who are the members? The IRC is an organization set up to allow corporate employees involved with relocation to network together. It is not intended to be an organization solely made up of service providers.

What is the policy regarding solicitation of business? In order to best meet the purpose of the IRC and to remain focused on the education goals in an organization that is open and free from bias, members, speakers and guests are strictly prohibited from directly soliciting business during any of the IRC functions.

For more information contact the Membership Director: Jamon Ekins at jamon@precise-inspection.com or (801) 550-5224.

To join: Complete this form and submit by mail, email, or fax with your annual dues payment of \$75.00 by check to "IRC". You can also pay at any of our events or in person.

MISSION STATEMENT

To provide an education forum and network of peers for relocation professionals from the Inter-mountain West to discuss trends, issues, practices and relocation policies in a focused environment where an exchange of ideas is encouraged to increase both personal and professional knowledge of the domestic/international relocation, transfer, benefit and compensation industries.
